Special Dispatch to the Intelligencer.

COLUMBUS, O., May 7.—The Wheeling club opened here to-day for a series of three games to about five hundred people. The Columbus grounds are the worst in the league, which accounts for the heavy hitting and bad fielding. The special features of to-day's game was the brilliant fielding of Rothmel and Pequinney, and Pardee's home run with the bases full. Manager Lytle leaves for Cincinnati tomorrow to make an effort to have Bates join the club. It is very evident that Columbus will have to strengthen if they wish to prove this city to be a valuable acquisition to the inter-state league. The score:

High Schools Beats Linsly.

Before a good sized audience yesterday afternoon, the High School and Linsly Institute base ball teams crossed bats at the Island ball park. The general impression seemed to be that the Linsly's would win, and as they strode confidently on the field attired in their new uniforms, the friends of the High School team began to cheer. But not so with the members of the team themselves. They went into the game to win and never allowed the Linsly boys to catch up with them at any stage of the game, finally winning by the score of 6 to 3. The batteries were Hesse and Metzner, for the High Schools, and Kilmer and Jones, for Linsly. The feature of the game was the fine pitching of Hesse, though both sides played good ball.

Bethany vs. East Liverpool.

Special Dispatch to the Intelligencer. BETHANY, W. Va., May 7.—On Wednesday, May 9, the date of the Inter-Collegiate Oratorical contest, to be held at Bethany, the college team opens the season with the Phoenix club, of East Liverpool. The Phoenix club is composed largely of old Bethany men and ex-members of the college team. As both teams are in good shape the game should be an interesting one. A large crowd of rooters will accompany the East Liverpool team and as there will be a number of delegates here for the oratorical contests a large crowd will witness the opening game. On May 10, the team leaves for a trip, playing Westminster, Grove City and Geneva colleges.

AMUSEMENTS.

Sidney Grundy's version of the "Three Musketeers," with James O'Neill in the title role, was given at the Opera House last evening before a large and highly appreciative audience. It is the most pleasing stage presentation of Dumas' celebrated novel that has been offered to Wheeling audiences. Mr. O'Neill, of course, held the center of the stage most of the time, and gave a very satisfactory interpretation of the character of the dashing and impulsive D'Artagnan. His support was excellent.

Black Patti Troubadours.

The stage of the Opera House Wednesday night will be occupied by what is universally acknowledged to be the merriest and most entertaining band of stage players at present before the public. The Black Patti Troubadours, America's premier colored company and the greatest and funniest show of its kind on earth, is the attraction which will contribute a feast of mirth, melody and music to the patrons of this house. Black Patti, the sweetest voiced singer of her race, and the accomplished vocal soloists of her company fully satisfy the exquisite rendition of the immortal musical gems found in the operatic kaleidoscope. On the other hand, Al. Watts, the comedy genius of the company, with the smart and snappy buck-dancing, rag time, con singing, and cake walk contingent, drives everybody into ecstasies of joy by the many songs and dances.

Arnold Stock Company.

The Arnold Stock Company opened an engagement at the Grand last night to a large and delighted audience, presenting as the opening bill the sensational melodrama, "Guilty Without Crime." It was handsomely staged, appropriately costumed, and adequately cast, and the specialties between acts were very clever and were heartily applauded. The comedy will remain all week, and promise to play to large audiences on spite of the warm weather. This afternoon "True Friends" will be given, and to-night's bill will be "Crystal's Cross." Prices during the engagement will be ten, twenty and thirty cents, no higher.

Fight With a Burglar.

CLEVELAND, Ohio, May 7.—A desperate battle took place to-day between a squad of policemen and a colored man suspected of being the burglar who last night shot and killed Patrolman John Shipp. The murderer, after killing the officer, made his escape. To-day the police tracked the suspect to a house at the corner of Central avenue and Greenwood street, and after surrounding the place, called upon the man to surrender. He however, opened an upstairs window, and deliberately began firing on the officers with two revolvers. The police returned the fire, without effect, but captured the culprit after a hot battle.

Remains of Mrs. Wilson Arrive.

WASHINGTON, May 7.—The body of Mrs. Ella Wilson, wife of Major General James H. Wilson, who was burned to death at Matanzas, Cuba, on Saturday, April 28, reached this city at 2:05 this afternoon, over the Baltimore & Ohio road. The train was a regular one, but the funeral party occupied two special cars, one a private car, in which were General Wilson, his daughters and two of the general's aides, Lieuts. J. H. Reeves and G. S. Turner. In the other car, a combination car, rested the casket conveying the remains of the deceased.

Beacom, of Greensburg, who will resume the practice of law at his home. The oath was administered to Colonel Barnett by Deputy Secretary of the Commonwealth Bettler. No changes will be made for the present in the clerical force of the office.

Oil Goes Down.

COLUMBUS, Ohio, May 7.—The price of Lima crude oil dropped three cents to-day. During the last two months the price has been lowered about twenty cents on the barrel. There has been a corresponding reduction in the price of the eastern product, Tiona being quoted at \$1.59; Pennsylvania and Barnesville at \$1.44; Corning at \$1.27, and New Castle at \$1.13.

Enters Bridge Combine.

PITTSBURGH, Pa., May 7.—Albert J. Schultze, of the Schultze Bridge & Iron Company, announces that his company has entered the combination of bridge and structural companies. It is said that the Keystone and Shiffer Bridge companies are among the number of local companies absorbed by the combine, and that the consolidation, as it now stands, represents about 90 per cent of the bridge tonnage of the United States. The new company is capitalized at \$10,000,000, divided equally into shares of preferred and common stock.

Reduced Price of Lead.

NEW YORK, May 7.—Surprise was expressed in the metal trade to-day at the action of the American Smelting & Refining Company, which reduced the price of lead from \$4 70 to \$4 40. This is the first change in prices since the beginning of the year, and lack of demand and a desire on the part of the company to reduce the price of ore at the mines are advanced as the principal reasons.

Gold Going Away.

NEW YORK, May 7.—It was estimated by foreign exchange ports to-day that gold exports during the week were likely to be between \$3,000,000 and \$5,000,000. In other quarters these are regarded as extravagant figures, in all probability, however, one or more shipments of gold will be made to London.
